KEY PRINCIPLES THAT
WILL DRAMATICALLY
AFFECT YOUR CHILDREN

This man-to-man morning will cover fundamental principles, priorities, and practical strategies to help you build a legacy of faith in your family.

IT'S TOUGH BEING A MAN AND A FATHER TODAY. *You feel like you give and work and struggle and there's never enough of you to go around. The pressures are unrelenting. And yet you are so important that you are nearly irreplaceable in the lives of your children—especially your son. Fatherhood is a privilege given by God, and with that privilege comes the power to impact lives. Exercised responsibly for good, that power can lead to God's blessing on you and your family.*
